

Make to Fit™ Knit-Kard Determine the “finished size” for any person

Nancy's Knit Knacks LLC ©1999-2004 www.nancysknitknacks.com

	◀-----Easement-----▶				
Type of “Fit” →	<u>Form Fit</u>	<u>Close Fit</u>	<u>Normal Fit</u>	<u>Loose Fit</u>	<u>Oversize Fit</u>
Multiplier →	0.95	1.05	1.10	1.15	1.20

1. Take the chest measurement from the Body Measurement Chart (from the table on the other side).
2. Select the desired “fit” (easement) from the above chart.
3. Using the multiplier for your chosen easement, multiply Step #1 by Step #2.
4. Round up the resulting number to the next half inch (42.2” goes to 42.5”).
5. The resulting number is the “finished size” measurement to make.
6. Use the closest “finished size” measurement from your pattern that best matches
